Dear Customer,

Thank you for your interest in Verbatim optical storage products.

Verbatim is conscious of our responsibilities to the environment and our obligations with regards to Restriction of Hazardous Substances (RoHS) (Directive 2002/95/EC of the European Parliament and of the Council). We are please to state that the following product groups are free of the named hazardous substances (lead, mercury, cadmium, hexavalent chromium, poly brominated biphenyls (PBD) or poly brominated diphenyl ethers (PBDE)) :

- CD-Recordable discs
- CD-Rewritable discs
- DVD-Recordable discs
- DVD-Rewritable discs
- DVD-RAM discs
- Magneto Optical discs
- Ultra Density Optical discs (UDO)

Regards,

Ian Rainsford,
Quality Manager,
Verbatim Limited.
